Active Corporate Wear

MADE WITH SPORTS DNA.

We make people move at gyms, tracks and courts. On slopes and forest trails. And in workplaces all over the world. Our Active Corporate Wear collection is inspired by everything we've learned from making functional garments for the world's greatest athletes. Bringing fit, durability and breathability to the modern workplace, our clothes are designed to make the most out of office hours and beyond. Inspiring co-workers to take the stairs more often, schedule more meetings outside and make exercise a part of the daily routine. Studies show that active workplaces enjoy higher productivity, happier employees and fewer sick days. So don't be surprised if the next quarterly report goes one step further.

Outdoor

Our Outdoor range allows you to experience everyday adventures with great confidence. This comprehensive collection includes items that protect against the elements, offering excellent comfort during casual excursions.

This warm and functional jacket features lightweight and blown-in polyester insulation that provides remarkable warmth, effectively trapping body heat to keep you warm and cozy in chilly conditions. The polyester filling is highly functional and quick drying, minimizing discomfort from sweat or unexpected rain. Its lightweight nature also means it can be compressed into a small pouch or backpack, allowing for quick on-the-go adjustment to rapid temperature drops. The jacket also features detachable hood, chest zip pocket, and two side zip pockets for secure storage of essentials such as key, phone, and energy bar. Whether you're exploring the backcountry or simply navigating your daily routine, this jacket is a reliable choice for staying warm and protected in various outdoor environments. Highly versatile, it works perfectly for layering in cold conditions or as a standalone garment on milder days.

Material: Body: 100% polyamide-recycled. Padding: 100% polyester.

Standing, walking and running are part of everyday life, whether you're at work, out for a run, or strolling downtown. Our footwear range is designed for those who are on their feet for long periods, providing comfort, support, and durability – all day.

Repel

NEW

ADV

MEN	C17824	EU 39 ½-48 ½, UK6-UK13
WOMEN	C17825	EU 35 ½-42, UK3-UK8

Repel is a versatile and water-resistant performance training shoe providing a secure fit, excellent ventilation, and great durability for lasting comfort.

Drawing inspiration from the versatile Xplor 2, this pro-grade shoe offers the perfect hybrid performance, feeling like a road shoe on the pavement and a trail shoe on the dirt. In addition, the shoe has a water-resistant mesh upper that ensures a tight and secure fit for a stable and comfortable activity. What distinguishes the Repel is its integration of Vittoria's World Championship gravel racing technology. This innovative design, inspired by the Terreno Dry and Terreno Mix tire patterns, delivers exceptional traction and durability in any terrain, thanks to its fish-scale edges and progressive siping, optimized for maximum grip where the pavement ends. For a smoother and more comfortable experience, the midsole features a softer version of our bouncy and responsive Px Foam™.

Px Foam™

Px Foam™ is an ultra-lightweight midsole material that excels in energy return, shock absorption, and flexibility. Crafted using a single, natural foaming agent, this innovative material is produced without chemical cross-linking agents, ensuring a non-toxic process. In addition, raw and finished materials are completely reusable. The high-performance foam has an extremely low density making it up to 20% lighter than traditional EVA. The reduced weight combined with explosive rebound make Px Foam™ perfect for every run.

Vittoria outsole inspired by Terreno

Crafted in collaboration with world-class bicycle tire manufacturer Vittoria, this unique outer sole features fish-scale edges and progressive siping, inspired by the Terreno Dry and Terreno Mix tire patterns. The result is a sole that is optimized for maximum speed beyond the urban landscape, offering exceptional traction and durability in any terrain.

Craft Endurance Fit®

Craft Endurance Fit® features a narrow heel cup, mid-foot lock-in, and a spacious forefoot. The narrow heel cup ensures zero slippage, providing unmatched stability across all types of terrain. The mid-foot lock-in design offers a secure fit, boosting confidence with every stride. In addition, the spacious forefoot enables natural toe and metatarsal movement, enhancing comfort even more.

Material: Upper: 52% polyester-recycled, 46% polyester, 2% spandex. Padding: 100% polyurethane. Lining: 100% polyester-recycled. Laces: 100% polyester recycled. Insole Board: 100% polyester. Insole: 70% polyamide, 30% polyester-recycled. Midsole: 100% ETPU Foam. Midsole Insert: 100% polyamide. Outsole: 100% rubber.

Base Layer

Craft is a pioneer in performance base layer and offers functional garments that provide excellent body-temperature management during exercise in any condition. The fabric structures and knitting techniques interact to efficiently transport moisture away from the skin and distribute it on the outside – enabling you to perform optimally.

Active

PERFORMANCE BASE LAYERS

Our performance base layers are designed for those who demand high functionality during training and physical activity. Here you'll find base layers with specific features tailored to both activity type and temperature.

USE

- Worn underneath an outer layer
- Ideal for traditional high-intensity outdoor activities or long days working in cold environments

FIT

- Regular to body-hugging fit

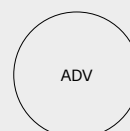

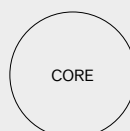

FEATURES

- Technical performance first

FABRICS

- Sustainability first
- Made from synthetic materials and/or wool
- Technically advanced fabrics

The Performance base layers are divided into two subcategories: Active and Wool.

Active

This scale tells you how insulated versus ventilated the base layer is.

Fewer colored dots mean more ventilation (cooling), while more colored dots mean greater insulation (warming).

Use this to find the ideal Performance Active base layer for the temperature and intensity of your chosen activity.

VENTILATION ●●●●○ ○ INSULATION

Wool

This scale shows the weight of the fabric – the heavier the fabric, the more warmth it provides.

Use this to find the ideal Performance Wool base layer for the temperature and intensity of your chosen activity.

Heavyweight 300 g/m²

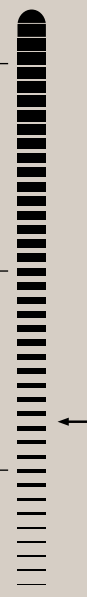

Heavyweight for the coldest conditions.

Lightweight 200 g/m²

Lightweight for year-round layering.

Featherweight 100 g/m²

Featherweight for mild temperatures.

UNISEX 1916714 One Size

999000

Explore Power Fleece Neck Tube is a super-soft and highly insulating item that makes a versatile addition to any outdoor enthusiast's wardrobe, providing warmth and comfort in harsh winter conditions.

This multi-functional neck tube is made of a stretchy fleece fabric with exceptional warmth retention and breathability properties. The soft fleece material traps heat close to the body while allowing moisture and sweat to escape, keeping your neck warm and dry during outdoor activities in cold conditions. This versatile multi-sport accessory easily converts into a hat or headband.

Material: 94% polyester-recycled, 6% elastane.

SOFT AND STRETCHY POWER FLEECE MADE FROM RECYCLED POLYESTER AND ELASTANE (250 GSM)

BRUSHED BACKSIDE FOR ENHANCED COMFORT AND INSULATING PROPERTIES
